Not all ingredients are included in the menu descriptions, please ask. Ingredients can occasionally be substituted or changed at short notice - always review the allergy information available from the Catering Management Team each service, where detailed information on the fourteen legal allergens is available on the allergen matrix, and in part, the dietary board.

We handle numerous ingredients within our kitchens and cannot guarantee that our meals are free from allergens, with the exception of our gluten free dishes that contain gluten at a level of no more than 20 parts per million (ppm). Processes and training are in place to ensure that meals on this menu are gluten free.
