Friday 15th May

Year 3 Design and Technology

Dear Parents and Carers,

On Friday 22nd May, Year 3 will be making their DT salads as part of our Design and Technology learning with links to our previous Science and PSHE topics. The children have each designed their own salad using a choice of ingredients and will now be creating their final product.

During the session, the children will focus on important food preparation skills including food hygiene, safe cutting techniques and preparing vegetables carefully. Once completed, the children will have the opportunity to taste test their salad to evaluate their final product.

In the interest of food hygiene, please ensure that long hair is tied back on the day. If your child has an apron they would like to wear, they are very welcome to bring it in.

If you do not wish for your child to take part in the taste testing, please let me know before Friday.

Thank you for your support.

Kind regards,

Miss Evanson
