Earth Ambassadors Fundraising Cake Sale – Friday 23rd October

Dear Parents/Carers,

The Earth Ambassadors are a group of Year 5 and 6 children who are leading the way to raise awareness in our school about issues like climate change, sustainability, the importance of recycling and more. We want to look after our world because our habits affect not just our local area, but can also have an impact across the world.

We have already introduced classroom recycling of the foil used to wrap our bagels – recycling foil saves a huge amount of energy compared with making new foil.

This year we have three main projects we want to get underway. The first is sending older unused reading resources to a charity called Books2Africa, so that they benefit other children rather than going into landfill. We need to raise at least £40 to send them as we currently have 5 boxes to donate!

As a result, we will be holding a cake sale on Friday 23rd October to raise the money. The sale will take place on the school playground straight after school (or on the steps if it is raining!) and will be run by members of our group.

We would be very grateful for any cake donations to support us with our sale. Please send any donations into school on Thursday 22nd October.

We also hope you will be able to come along and support us, so please bring along some spare change! Any money raised over the £40 will be put towards our next projects – planting a native hedgerow and creating a pollinator-friendly garden to increase biodiversity and support wildlife.

Kind regards,

The Earth Ambassadors
